

Timber and Plywood Kit:

All timber is top quality Douglas Fir planed to size, and the plywood supplied is Robbins Elite which is manufactured to BS1088, Lloyds approved and carries our own 15 year guarantee.

To save you work, the plywood is available cut to size (Option 1) at a special price if ordered through us, and is cut by Jordan Boats.

To make it even better, if you place your order in person by visiting our stand at London, Southampton or Beale Park Boat Shows, you will save an extra £20.00 on already discounted prices!

Option 1

Timber and Plywood cut to Size: £714.00

Price includes all timber and plywood required to build the boat, VAT* and delivery English Mainland. This option has the advantage of the plywood being laser cut to shape for you. For delivery to Scotland, Isle of Wight etc, please ask us for a delivery price.

Option 2

Timber and Plywood Only £449.00

Price includes all timber and plywood required to build the boat, VAT* and delivery English Mainland. For delivery to Scotland, Isle of Wight etc, please ask us for a delivery price.

Additional Timber for Sail Version £113.00

Price includes VAT* and delivery English Mainland. Mast Boom and Gaff material supplied in high quality Douglas Fir, planed square ready for final shaping and finishing.

Special Deals are also available from PBO partner suppliers for Sails, Epoxy, and Paint. See PBO for further details!

* VAT charged at 20% - subject to change
